

KENZ PRO

COMPANY PROFILE

With over 15 years of experience and expertise in production and the raw materials sector, we are now taking our own brand to the next level. By bringing an innovative perspective to the industry, combining quality and trust in car care products, we aim to make a difference in the market with continuity and sustainability.

With our new brand, KenzPro, we offer solutions that best respond to the needs of vehicle owners and professionals, enhancing vehicle performance and extending its lifespan. We design and develop our products with innovative technologies and a customer-focused approach.

At KenzPro, we aim to secure a strong position in the industry with our principles of quality, trust, and sustainability. In car care, we strive not only to be a brand but also a reliable solution partner.

Meet KenzPro products and give your vehicle the care it deserves!

CAR CARE PRODUCTS

TIRE SHINER

Gives your vehicle's tires an aesthetic and stylish look by polishing them. The film layer formed helps protect the outer surfaces of the tires. Its anti-static property prevents dust accumulation. Provides long-lasting shine on tires. Can be used on all plastic surfaces, especially mats, bumpers, and inner fenders. Prevents tires from drying out.

Code	KNZP2317
Packaging	12 Piece x 500 ml

DASHBOARD CARE MILK

Gives vinyl, bakelite, leather, and plastic surfaces a fresh and natural look. Prevents matting, dust accumulation, cracking, and drying on dashboards. Provides long-term protection. Can be safely used on all interior surfaces of vehicles.

Code	KNZP7210
Packaging	12 Piece x 500 ml

WHEEL CLEANER

Used to clean brake dust and asphalt residues from vehicle rims. Suitable for all types of steel rims. Effectively removes brake dust, oil stains, and deposits. Restores shine to rims, making them look new and clean. Provides protection against dirt buildup. Shows high performance in application.

Code	KNZP2110
Packaging	12 Piece x 500 ml

IRON POWDER REMOVER

Deeply cleans brake dust, iron powder, and paint residues. Penetrates the surface to safely remove stubborn dirt and rust-like particles without damaging the surface. Thanks to its neutral pH (pH = 7) formula, it is safe on all wheel and paint surfaces. Acid-free, safe, and user-friendly.

Code	KNZP2208
Packaging	12 Piece x 500 ml

GENERAL UPHOLSTERY CLEANER

Deep cleans and safely refreshes vehicle surfaces. Its gentle formula leaves no residue and effectively removes dirt and oil stains. Suitable for fabric, carpet, plastic, leather, and all other upholstery surfaces. Provides fast cleaning and is ideal for daily use. RoHS certified.

Code	KNZP7309
Packaging	12 Piece x 500 ml

QUICK WAX

Can be applied immediately after washing. Thanks to its water-activated special formula, it adds shine and protection to your vehicle instantly. Designed to save time and labor. Safe for all painted and glossy surfaces.

Code	KNZP2011
Packaging	12 Piece x 500 ml

POLISHED CAR WASH SHAMPOO

Specially formulated for vehicles with ceramic coating and paint protection. pH balanced and safe for coatings. Contains no harmful salts or solvents. Penetrates dirt, mud, bird droppings, and road grime. Suitable for all vehicle washing systems. Concentrated formula: 1/128 dilution recommended.

Code	KNZP1519
Packaging	12 Piece x 500 ml

ADHESIVE REMOVER

Safely removes adhesive residues left behind by tapes, labels, and stickers on painted surfaces after assembly. Easily cleans without damaging the surface. Acid-free, solvent-free, and safe to use.

Code	KNZP8042
Packaging	12 Piece x 500 ml

PROFESSIONAL PRODUCTS

TIRE SHINER

Gives your vehicle's tires a bright and aesthetic appearance. The protective film it forms helps protect tires from external factors. Its anti-static feature prevents dust accumulation. Maintains long-lasting shine on tires. Can also be used safely on mats, bumper plastics, and all plastic surfaces. Helps prevent tires from drying out and cracking.

Code	KNZP2306
Packaging	4 Piece x 5 KG

ENGINE CLEANER

Quickly dissolves and cleans oil and dirt on the engine without damaging engine parts. Should be left for 3 minutes before rinsing. Protects against damage by avoiding direct contact with electrical and electronic parts during washing.

Code	KNZP2404
Packaging	4 Piece x 5 KG

DASHBOARD CARE MILK

Gives vinyl, bakelite, leather, and plastic surfaces a fresh and natural look. Prevents matting, dust accumulation, cracking, and drying. Provides long-term protection and can be used safely on all vehicle interior surfaces.

Code	KNZP7204
Packaging	4 Piece x 5 KG

WHEEL CLEANER

Used for cleaning brake pad and asphalt dust from vehicle rims. It can be safely applied on all types of alloy wheels. Provides effective results in removing brake dust, oil stains, and road residues. Restores the shine of the rims, giving them a like-new appearance. Creates protection against dirt. Delivers high performance in application.

Code	KNZP2104
Packaging	4 Piece x 5 KG

GENERAL CLEANER

KenzPro General Cleaner ensures strong cleaning power without leaving residue. Can be safely used in vehicles, homes, workplaces, and similar areas: ceiling, seat, carpet upholstery, console, all surfaces, computers, and office furniture. Also compatible with vacuum cleaning.

Code	KNZP7301
Packaging	4 Piece x 5 KG

QUICK WAX

Can be applied right after washing. Thanks to its water-activated special formula, it instantly adds shine and protection to your vehicle. Designed to save drying time and labor. Suitable for all painted and glossy surfaces.

Code	KNZ2003
Packaging	4 Piece x 5 KG

CAR SHAMPOO PRODUCTS

POLISHED CAR SHAMPOO

pH-neutral car shampoo that easily cleans dirt from the vehicle's surface. Safe for use on painted, rubber, glass, and vinyl surfaces. Thanks to its pH balance, it protects the vehicle surface, allowing easy cleaning and rinsing. Suitable for all vehicles including cars, trucks, boats, planes, mobile homes, and motorcycles. Pleasant fragrance. Contains no biologically non-degradable, toxic, or environmentally harmful chemicals. pH balanced, highly foaming, polished, and easy-to-rinse car shampoo.

Code	KNZP1535
Packaging	12 Piece x 1000 ml

Code	KNZP1509
Packaging	4 Piece x 4 KG

Code	KNZP1510
Packaging	1 Piece x 20 L

CAR SHAMPOO

A high-performance neutral shampoo designed to clean accumulated oil and dirt from all vehicle surfaces. Safe for all surfaces including painted metal. Can be easily used in automatic tunnels and washing machines. Provides effective cleaning with high performance.

Code	KNZP1500
Packaging	4 Piece x 1000 ml

Code	KNZP1501
Packaging	4 Piece x 5KG

Code	KNZP1502
Packaging	1 Piece x 20 L

BRUSHLESS CAR WASH FOAMS

BRUSHLESS CAR WASH FOAM – BLUE

Brushless Vehicle Wash Foam is an alkaline-based cleaning product that effectively cleans the exterior surfaces of vehicles without the need for brushes or sponges. It can be easily used in car wash tunnels and machines. Delivers high performance in application.

Code	KNZP1068
Packaging	4 Piece x 5 KG

Code	KNZP1056
Packaging	1 Piece x 20 L

BRUSHLESS CAR WASH FOAM – PINK

Brushless Vehicle Wash Foam is an alkaline-based cleaning product that provides effective foaming for cleaning the exterior surfaces of vehicles without the use of brushes or sponges. It can be easily used in car wash tunnels and machines. Shows high performance in application.

Code	KNZP1067
Packaging	4 Piece x 5 KG

Code	KNZP1055
Packaging	1 Piece x 20 L

AEROSOL PRODUCTS

COCKPIT AND PLASTIC POLISH

Revitalizes your vehicle's dashboard, gauges, and plastic or vinyl coverings. The anti-static formula prevents dust and dirt accumulation. Provides a pleasant fragrance and freshness.

AEROSOL PRODUCTS

RUST REMOVER & LUBRICANT SPRAY

Thanks to its corrosion-resistant formula, it maintains metal surfaces and protects them against moisture and all corrosive elements. Penetrates oil and rust. By dissolving adhesives, it allows for the easy removal of labels, stickers, and various adhesive residues. The lubricating agents inside penetrate deeply into moving parts, ensuring smooth operation.

Code	AER1305
Packaging	12 Piece x 200 ml

Code	AER1300
Packaging	12 Piece x 400 ml

BRAKE PAD CLEANER SPRAY

A general-purpose cleaner used in the automotive and industrial sectors for cleaning and degreasing small parts and spare parts. In brake systems, it is used on brake pads, calipers, and clutch parts in the brake master cylinder. Cleans oil and grease stains on the surface. Facilitates easy assembly, provides a clean working area, and ensures safe use. Its high penetration feature ensures controlled and clean evaporation. Allows for non-residue cleaning. The can can be used upside down at 180° for cleaning.

Code	AER1000
Packaging	12 Piece x 500 ml

WIDE AREA ODOR ELIMINATOR

Provides instant refreshment and lasting results. Can be reused to eliminate unwanted odors in the environment. Its unique technology effectively removes unpleasant odors and leaves a pleasant scent. Suitable for use in closed or open large areas such as cinemas, conference halls, gyms, offices, buildings, cafes, restaurants, and shopping malls

Code	AER9110
Packaging	12 Piece x 500 ml

ENGINE CLEANER SPRAY

It is a waterless engine cleaner and degreaser suitable for all types of engines, including passenger cars, motorcycles, lawn mowers, and similar vehicles. It quickly penetrates oil, grease, and stubborn dirt on the engine surface, dissolving contaminants effectively. Does not cause any damage to engine components. Easily reaches and penetrates hard-to-access areas, ensuring thorough cleaning. In addition to cleaning, it provides a shiny and like-new appearance.

Code	AER9001
Packaging	12 Piece x 500 ml

AEROSOL PRODUCTS

KLIMA FRESH LAVANDER

KENZPRO Air Conditioner Odor Eliminator quickly removes cigarette smoke, moisture, and other unpleasant odors that build up over time inside the vehicle and air conditioning system, in less than 15 minutes. It is easy to use and requires no removal of the cabin filter. With its powerful formula, it leaves a fresh, clean, and pleasant scent inside the car. When the engine is running and the A/C is set to recirculation mode, the product is activated. Once the process is complete, the vehicle should be aired out briefly. Thanks to its practical application and effective performance, KENZPRO adds freshness and comfort to every journey.

INDUSTRIAL PRODUCTS

Black Gray

RTV LIQUID GASKET

Liquid gasket is used in all necessary areas of sealing and gasket applications. It is applied in the automotive industry, motors, gearboxes, differentials, and similar areas. Used in industrial machine sealing processes, such as threaded covers, gearboxes, and similar connection surfaces. In the electrical and electronics sector, it is used to prevent vibration and provide insulation. It can replace cork and rubber gaskets. Also used in air filter assembly, pressurized systems, and various industrial applications.

Code	AER1600
Packaging	24 Piece x 200 ml

Code	AER1601
Packaging	24 Piece x 200 ml

ORANGE LIQUID GASKET

Anaerobic Gel Orange liquid gasket, used for sealing thin and small cross-section surfaces, flanges, and curved materials. Penetrates gaps up to 0.25 mm and withstands temperatures from -55°C to $+200^{\circ}\text{C}$. Forms a seal by filling surface voids and creating high adhesion.

Code	AER1606
Packaging	24 Piece x 50 ml

MEDIUM STRENGTH THREADLOCKER

A medium-strength threadlocker effective against vibration-induced loosening, providing holding and sealing. Its fast-curing structure secures threaded elements and works effectively in a wide temperature range from -55°C to $+150^{\circ}\text{C}$. Prevents leakage, resists oils and chemicals. Works on active and passive metals, quickly curing on oily, dirty, or plated surfaces. Ideal for bolts up to medium size

Code	AE1604
Packaging	24 Piece x 50 ml

HIGH STRENGTH THREADLOCKER

High-strength threadlocker, general purpose, prevents loosening and leakage. Used for bolts larger than 25 mm in diameter. Resistant to water, corrosion, and most chemicals. Its green formula provides secure locking and high strength. Requires heating for disassembly. Ideal for permanent locking.

Code	AER1605
Packaging	24 Piece x 50 ml

ADDITIVE PRODUCTS

FUEL INJECTOR CLEANER

Suitable for modern engines, fuels, and operating conditions. Cleans, protects, and lubricates the fuel system. Its latest fuel additive technology formula is compatible with all petrol injection systems (K, KE, L-Jetronic). Prevents poor starting, irregular idling, poor throttle response, performance loss, knocking, and poor exhaust emissions caused by dirt in the injecti

Code	AER3305
Packaging	12 Piece x 300 ml

DIESEL INJECTOR CLEANER

For all diesel engines, especially common rail and high-pressure injection systems. Its low-sulfur content formula cleans the fuel system from the tank to the combustion chamber. Protects against corrosion and wear, prolonging engine life.

Code	AER3209
Packaging	12 Piece x 400 ml

DIESEL FUEL ADDITIVE

Prevents fuel from gelling and freezing. Ensures easier cold starts. Improves fuel combustion, increases power, and provides fuel savings. Cleans deposits, reduces power loss, and lowers exhaust smoke and pollution.

Code	AER3204
Packaging	12 Piece x 400 ml

RADIATOR CLEANER

Suitable for long-term radiator use and regular maintenance. Safely cleans oil, lime, sludge, and dirt from the cooling system without damaging rubber or aluminum parts. Cleans dirt formed after repairs. Removes deposits from the cap caused by overheating and maintenance. 300 ml cleans up to 16 liters of coolant.

Code	AER3003
Packaging	12 Piece x 400 ml

RADIATOR STOP LEAK

Compatible with radiators with or without filters. Safely used in aluminum and plastic radiators. Seals cracks and prevents leaks caused by vibration or overheating. Contains traditional sealing agents and antifreeze compatibility. Works with water or antifreeze and has anti-corrosion properties.

Code	AER3100
Packaging	12 Piece x 400 ml

ENGINE FLUSH

Removes carbon, sludge, and dirt deposits from the engine before an oil change. Improves engine performance and prevents new contamination. Extends engine life.

Code	AER3601
Packaging	12 Piece x 400 ml

OCTANE BOOSTER

Improves combustion, prevents knocking, and increases power. Keeps the combustion chamber clean and reduces harmful deposits. Assists in smoother operation and prevents new dirt buildup. Extends engine life.

Code	AER3999
Packaging	12 Piece x 400 ml

ANTI-SMOKE OIL ADDITIVE

Balances oil consumption in worn engines and reduces exhaust smoke. Improves oil viscosity and protects the engine. Helps reduce oil burning. Suitable for 4-stroke engines.

Code	AER3501
Packaging	12 Piece x 400 ml

ADDITIVE PRODUCTS

AD BLUE

Thanks to SCR technology, it reduces exhaust emissions. AdBlue is a diesel additive containing a chemical composition with 32.5% high-purity urea. It can reduce exhaust emissions by up to eight times. It is a colorless, non-toxic, non-flammable substance. Ideal storage conditions are between -11°C and +30°C.

Code	KNZ2305
Packaging	4 Piece x 5 L

Code	KNZ2310
Packaging	1 Piece x 10 L

SPONGES

TIRE SPONGE

An easy-to-use tire polishing sponge with an ergonomic shape and a handgrip section that allows you to polish tires without getting your hands dirty. Suitable for use on all vehicle tires.

Code	AKS1022
Packaging	24 Piece

CAR WASH SPONGE

Ensures a cleaner result during vehicle washing. Provides superior foaming and cleaning performance. Lightweight, extra thick, and super absorbent for excellent washing quality. Multi-purpose and ideal for both interior and exterior cleaning. Suitable for all vehicle surfaces including car body, glass, plastic, and bumpers.

Code	KM00009
Packaging	48 Piece
